## HOLIDAY

Ahhh...soft white sand, beautiful aqua water, billowy blue skies, and gorgeous glowing sunshine are all part of experiencing a coastal Christmas in Florida. For those of you who do not live in this area, you may have thought about leaving the cold behind and wandering southward to enjoy the warmth of paradise and experience an unforgettable holiday. So the question remains, do you choose fluffy white snow or sugar white sand?

Florida has over 1,300 miles of coastline, making it the perfect backdrop for outdoor holiday activities. We share with you the many reasons why we choose sand and why we love living on the Suncoast all year round, and especially during the holiday season!

*We decorate our palms with carefree style & make ornaments from treasures found at the shore.*

We get a chuckle displaying flamingos as part of our holiday theme!

Flip-flops are part of our holiday formal attire

We build sandmen instead of snowmen

We enjoy Christmas boat parades on the water

We see Christmas lights  
glowing on palm trees

We love holiday picnics on the beach!

So welcome to the holidays in paradise!
