

Liquid Sunshine

Ingredients

1-1/2 cups frozen mango chunks, divided

1 orange, sliced into wedges, divided

Juice from one lemon

1-1/2 cups orange juice

1/2 cup pineapple juice

2 starfruit slices

Directions

Divide 1 cup of the mango chunks into two hurricane glasses, and set aside. Cut 4 orange wedges in half and place even amounts in each glass; set aside. Place remaining half cup of frozen mango chunks plus 2 orange wedges into a cocktail shaker or jar with a tight-fitting lid. Squeeze lemon juice over top, followed by the orange juice and pineapple juice; cover and shake well. Pour mixture evenly into each glass, then garnish with a slice of starfruit, remaining 2 orange

wedges and straws. For a zippier flavor, add two shots of tequila, rum or vodka to the juice before shaking. Enjoy!
