Oasis Eye Care, Optical and Med Spa is not your typical Doctor's Office, Optical Shop, or Med Spa. Our practice belongs to the dying breed of practices that are still physician-owned and operated, but that isn't what makes us special. It is our care for our patients and time spent with each one at any and all points within our practice. Our patients come first. To us, that means gathering a detailed medical history, listening to your concerns, providing diagnostic tests that are above and beyond the standard of care, and then spending time explaining the findings and your treatment options.

Our Mission statement is truly our passion and the hallmark of the care you will receive.

*"Our Vision is to Protect Yours." This is true in all we do as we aim to provide quality services in relation to Eye Care, Eye Disease, and Skincare. We strive to stay at the forefront of technology and products offered and used during services. Each patient's treatment plan is individualized to increase the health of their eyes and/or skin. We value every patient and will treat each one as an extension of our family."*

What eye diseases do you treat? We provide eye care for any and all conditions of the eye. We do specialize in Dry Eye Disease and have patients coming from all over the state to seek treatment at Oasis.

Our Optician will ask you questions about your daily routine, your work environment, and your concerns to make sure your lenses are exactly what is needed to address these concerns.

The MED SPA was originally created for Dry Eye Treatments but quickly evolved into a full spa. Our Registered Nurse and Medical Doctor are there to assist you with your skincare goals. "Unlocking the Beauty from Within" is our goal as we seek to find treatments for your skin. Your skin is your largest organ and much of what you need to keep it youthful and healthy is lying in the deeper layers of your skin waiting to be brought to the surface. We have taken a great deal of time to find treatments and products that are safe and effective. We have many services that we offer, including:

- RF Microneedling • Botox
- Non-surgical Upper Lid Lift
- Eye Bag Treatments • Plasma Pen
- IPL • Non-Ablative Laser
- Hydradermabrasion
- Chemical Peels • Facials • Waxing
- Eyebrow/Lash Tinting & More!

We recently received the Best of Venice Awards for the following categories: Cataract Surgeon (Dr. Trent McKinney), Ophthalmology, Optometrist (Dr. Alex Brocato), and Med Spa. We were a finalist in Optical Gallery and Eye Surgery Center! Thank you, Venice and our Oasis Family, for your support.
