Footwear has never been more essential than today. Dick's Shoes of Venice has spent many generations helping ladies find the perfect shoe to match the day-to-day trials of life. Now we have come full circle to be able to help not just Mom, but the entire family as well.

Sporting many new brands like Propét, Xelero, and OS1st to name a few, we have expanded our lines to not only accommodate more sizes not found in other stores like Ladies 11+ and Men 13+, but also having many companies that have the right width systems as well to make sure we all have the proper fit.

Yet another new layer to our repertoire is the ability to fit smaller foot ranges so that the entire family can find what they need for footwear that doesn't compromise on style or health.

Being voted Best of Venice for Best Shoe Store by readers of the Venice Gondolier for the last 21 years shows not only our level of expertise but also our level of care and attention to the friends and families that seek our help. We are happier now more than ever to be able to provide not just another item in your closet but concepts and ideas that help your health and way of life be better.
