

PLACE SETTINGS & EGG PAIRINGS!

BY CHRIS FRANCIN

A festive Easter tablescape is a wonderful way to express your creativity! Mix in a kaleidoscope of spring colors and textures, plus your favorite Easter décor items, and you will be amazed at how beautiful your table can become. Whether you are entertaining family and friends in your home, garden, or deck while enjoying a casual brunch or elegant dinner, I think you will find that our collection of festive ideas to be winning! For design inspiration, we have paired some colorful, decorated Easter eggs with our place settings to add a little bit more flair!

Enjoy decorating your table with one of our collected designs or let your imagination soar!

Bold & Beautiful!

Bright springtime colors are seen in this place setting. Paired with metallic and glitter, rich-toned eggs, this creation makes a bold design statement. Rounding out this stunning tablescape, purple and blue silk flowers share the spotlight.

Key West-Inspired
Hues of plum and lime green, polka dots, and more dress up this place setting. Pairing it with eggs that have been adorned with cheerful spring stickers makes this a colorful, dynamic, and fun table design.

Nature's Table

A tall tree centerpiece strikes a pose surrounded by festive rabbits. Flowers, candy, and pastel tinted eggs decorate the middle of the table while a turquoise napkin creates the perfect coastal place setting.

An Eye-Catching Event

A crisp white cloth and a flowing lavender runner are accented by purple vintage glassware. Accompanied by sweet Easter eggs featuring unicorns with long eyelashes, this tablescape is perfect for a spring brunch!

DESIGN & STYLE

A Black & White Occasion

A cute, modern design featured with white rabbits is paired with black and white gold-laced eggs, adding a bit of sophisticated style to the place setting.

Garden Brunch

A beautiful gulf-blue-and-white tablecloth becomes the stage for an elegant garden place setting appointed with soft baby pink roses and complemented with pastel-tinted eggs.
