

Paradise Martini (Non-Alcoholic Version)

Ingredients

6 ice cubes

4 oz. tangerine juice

3 oz. pineapple juice

1 oz. grenadine

Directions

Put ice in a martini shaker, then add orange and pineapple juices, and grenadine.

Cover and blend by shaking briskly until chilled through. Pour through cocktail strainer and, if desired, serve in a sugar-rimmed* glass.

* Prepare the martini glass by moistening its rim using a slice of tangerine. Turn the glass upside-down and dip it into a bowl of sugar wide enough to accommodate the glass. If more sugar is desired, twist the glass. Turn it upright, shake off any excess sugar, and pour in your cocktail to serve. Enjoy!
