Meredith Reiff…Making Your Pets Beautiful & Comfortable

Meredith (Meri) Reiff graduated as a Certified Master Groomer from The New York School of Dog Grooming in 1987. During that time, she decided that she wanted to be an expert dog groomer who focused not on mass production, but on individualized, quality care.

The following year, Meri relocated to Florida and, in 1991, moved to South Florida where she now lives and works, operating her business in a home setting. This allows Meri to offer safe, excellent, quality service, providing each animal with as much one-on-one time as needed.

"Since I work with a single pet at a time, there's never any need for your dog to be put in a holding cage," Meri shares, "and you can be guaranteed that your family member will receive lots of attention and plenty of love!" Her motto is, "One pet, one appointment!"

Meri's clients, many of whom are now close personal friends, have been loyal and wonderful. "I have cared for two and sometimes three generations of family pets," she shares. Meri also specializes in working with dogs that may have experienced trauma or may have a sensitive nature.

If you are looking for someone who will truly care for your family pet and provide expert grooming, give Meri a call!
